## GERMANY GETS THEM.

Spain Cedes That Country Marianne, Caroline and Palaos.

## OPENING OF CORTES.

This Cession of Spain to Germany Leaves the Former Without any Possession in the Far East Country.

Madrid, June 3.—The queen regent opened the cortes yesterday with the usual ceremonial and in the speech from the throne announced that Marianne, Caroline and Palaos islands were ceded to Germany by the late Spanish ministry. During the course of her speech her majesty said:

"At the opening of the cortes all the sorrows which have wrenched our hearts, through the disasters which have visited our country are reawakened. We must preserve sadness in order to derive experience therefrom, but the woes of our country are of such a nature that reticence and silence avail better than complaints.

"When peace with the United States was concluded parliamentary troubles caused a change of cabinet and the present cabinet was formed. Under the constitution it belonged to me to ratify the treaty by laying it before the chamber. There remained under our control the Carolines, Palaos and most of the Marianne islands. But the former cabinet believed it useless for Spain to retain such minor appendages of our ancient empire, and signed with the German emperor a convention, offering to cede such territory under the law, which would be submitted immediately to the chamber.

"Our foreign relations are cordial and friendly. We especially owe to the pope recognition of the many times he has given us his moral support.

"The most important, most urgent and most difficult task before you is to balance the budget and debts resulting from the war through ordinary and permanent sources of income. Thanks to the severely economic policy projected the government will not ask fresh sacrifices of the country, except such as can be equitably divided among all classes.

"With the ordinary budget will also be presented schemes to liquidate the charges created by the loss of possessions and colonial campaigns."

The queen regent then referred to the financial measures and expressed confidence that the nation would show the same resignation during peace as it showed during war, adding:

"For the times are critical and it is impossible during the present session to do all that is necessary. But during the next session there will be projects for the reorganization of the army and navy, based on an obligatory service; for improving the public service; decentralizing the provisional and municipal administrations and reforming the penal code and electoral laws."

### Conditions of the Purchase.

Madrid, June 3.—Germany, it is announced, paid 25,000,000 pesetas for the Caroline, Palaos and Marianne islands. Spain is to retain three coaling stations, one at each of the group and Germany undertakes to defend these stations in case of war. Germany in addition grants to Spain the most favored nation in treatment by Germany in the colonial islands.

### Surprise at the Cession.

Washington, June 3.—The announcement at Madrid in the speech from the throne to the cortes that Spain had ceded the Caroline islands and Palaos and the Marianas to Germany was received with surprise here. The cession marks the relinquishment of Spanish possessions in the far east save the island of Fernando Po and dependencies on the African coast.

### Robbery Aboardship.

San Francisco, June 3.—There was great excitement on the steamer Alameda on her arrival here from Australia, when it was discovered that a box containing 5000 sovereigns was missing. The generally accepted theory is that a number were implicated in the theft and when the box of sovereigns was secured it was opened and the gold divided among the robbers. The police have arrested five men, who came on the steamer on suspicion.

### Admitted to Bail.

Vernon, Tex., June 3.—F. H. Brice, cashier of the Fort Worth and Denver Railroad company at this place, was arrested Wednesday morning, charged with embezzling \$675.20 of the company's funds. He waived examination, gave bond for his appearance at the district court of this county, Sept. 5, in the sum of \$1500.

### Daring Houston Robbery.

Houston, June 3.—There was a daring robbery here Thursday night out near the Inman compress, in the Sixth ward. Fritz Jechow, who runs a saloon near the point indicated, was held up in

his saloon at the point of a pistol and robbed of \$19 in cash and a lot of cigars and tobacco. Two negroes did the work.

### Antitrust Conference Call.

Austin, June 3.—Governor Sayers will issue the call for the conference of governors and attorney generals of the different states to consider antitrust legislation in a few days. He will name St. Louis as the place of meeting and the date will probably be about the middle of July.

### THAT HOME FOR DEWEY.

Objections Raised to Its Being Given to the Ranking Officer.

Washington, June 3.—The suggestion of Admiral Upshur that the home which it is proposed to purchase for Admiral Dewey should be his only while he remains at the head of the navy and at his death should fall to the ranking officer of the navy, does not meet with favor at the hands of the committee in charge of the collection of funds.

The members of the committee point out several objections to it, which from their point of view seem vital. This home, they say, is a tribute to the gallant and brave services of Admiral Dewey personally, and could not descend to another admiral, for the reason that the rank will die with the man who won that title at the battle of Manila.

The rank ceased to exist with the death of Admiral Porter and was only revived on the occasion of a great event. It is probable that with the death of Dewey there will be no other admiral until another war produces another naval hero. To make this the home of the ranking officer, means simply that it shall fall to the officer who becomes rear admiral at the top of the list, through the ordinary promotions incident to the service. The proposition is not likely to be accepted by the committee.

Mr. Heath, the first assistant postmaster general, a member of the national committee in charge of the collection of funds, has received assurances from a relative of the admiral that he will accept this gift from the American people. The committee is in communication with banks throughout the country authorizing them to receive contributions and it is expected within a short time to hear favorably from the reports. It is authoritatively announced that the committee intends to leave the selection of the house, the site, etc., to Admiral Dewey. That the house is to be purchased and fitted up before the return of Admiral Dewey is repudiated by the committee. This home is to be located where Dewey wishes it and will be furnished in accordance with his taste. Pending the arrival in Washington of the distinguished occupant of the home, nothing will be done than to proceed with the collection of funds.

### OHIO STATE TICKET.

Men Who Will Head the Republican Ticket in the Ohio Campaign.

Columbus, June 3.—The following is the full ticket for state officers nominated here by the Republicans:

Governor—George K. Nash.  
Lieutenant governor—John A. Caldwell.

Supreme judge—W. Z. Davis.  
Auditor—Walter D. Guilbert.  
Treasurer—Isaac B. Cameron.  
Attorney general—James M. Sheets.  
Member of the board of public works—Frank A. Hoffman of Van Wert.

Judge George K. Nash was the favorite of Senator Hanna for governor, and ex-Congressman John A. Caldwell was the favorite of George B. Cox for lieutenant governor, with the other five nominations distributed among those of less distinct party affiliations.

What was generally called the Hanna-Cox combination controlled a large majority of the 813 delegates, but it did exercise its power beyond the nomination of Nash and Caldwell.

The platform reaffirms the principles declared by the national convention at St. Louis; indorse the administration of President McKinley in every respect; denounces the Democratic party; declares against trusts and protests against lynching. The rest of the platform deals with local matters.

### Not Enough Artillerymen.

Washington, June 3.—A phase in the army situation that is receiving considerable attention from those interested in the artillery arm of the service, is the increasing shortage of men to care for the constantly increasing number of guns in coast defenses. This question may have considerable bearing on the question whether a call for volunteers will be necessary. There is not enough artillerymen, it is claimed, to take care of modern guns already installed on coast defenses. It is pointed out by those familiar with the situation, that the guns themselves are suffering for want of attention. Emplacements for heavy modern guns, are built with mathematical accuracy, and if the gun and foundation deteriorate all the fine work of the original construction goes for nothing.

### TIMELY SUGGESTIONS.

In one day recently 300 traveling salesmen in the employ of the tobacco houses recently combined into a trust, were discharged by telegraph, wherever they happened to be without transportation. The brief sentence, "Services no longer required," settled the whole business. The trust is master of the situation because it is protected by an import tax which consumers pay. This is one of the beauties of protection.

While farmers are congratulating themselves that so far trusts have made no attempt to monopolize the soil, it is well to remember that they are mistaken about it. Trusts are already buying up large tracts of land in the Northwest and cultivating them on the bonanza principle. An Eastern syndicate has recently bought 200,000 acres in one county in Kansas, and by means of machinery will cultivate it with the smallest possible number of men. Unless effective steps are taken, we believe that the best lands in the country will be taken up by combinations of capital.

There is one feature of our export trade that ought to be discouraged. We are selling millions of dollars worth of lumber to foreign countries every year. We are felling trees and running saw mills day and night, at a rate that in a

few years will put building timber beyond the reach of any but the wealthy. With all this, we are only cutting about enough for home use, for we are now importing about \$20,000,000 worth a year. The destruction of forests, moreover, is affecting our climate adversely, causing heavy losses every year from floods and rendering irrigation necessary to the production of crops where rain was ample before. It is also driving to the fields and orchards hordes of destructive insects that formerly found sustenance in the forests. If this denudation continues a large portion of the country will be reduced to the condition of a desert. With a proper care for reproduction this country could be made to produce all the timber needed at home, but when foreign money is considered of more benefit than our timber supply, there is something wrong with us. We are surely bidding high for the curses of posterity.—Farm and Ranch.

The trial of the famous case of S. A. Hayden vs. J. B. Cranfill et al. at Dallas came to an end Friday afternoon at 5 o'clock, when the jury returned a verdict awarding the plaintiff \$20,000 actual and \$10,000 exemplary damages. In the original petition the prayer was for \$100,000—\$50,000 for actual and \$50,000 for exemplary damages. It is understood that the defendants will at once make a motion for a new trial, and in the event of unfavorable action by the court will give notice of appeal.

### MORE OF THE ROBBERY.

Thieves Carry Away Two Loads Each of Plunder from the Express.

Ogden, Utah, June 3.—W. G. Bruce, one of the mail clerks on the train that was robbed in Wyoming, said that with the train stopped, the robbers came to the car and ordered him to open the door. He refused, and the robbers began shooting into the car from both sides. Bruce turned out the lights. Then a stick of dynamite was placed under the door and shattered. The clerks, fearing the car would be blown to pieces, opened the door. One of the robbers stuck his gun in the car and fired, but the bullet did no damage. Lights were then turned on and the clerks got out of the car. The clerks in the Portland mail car were also ordered out and the clerks and trainmen were stood up in line and guarded by one man. A demand was then made on Ernest Woodcock, express messenger, to open his car, but he refused. A couple of shots were fired into the car and the door blown off. The express and mail cars were run down the track a mile or two to the camp of the robbers. There the trainmen were placed about 150 feet from the track and about 20 sticks of dynamite were exploded to open the safe in the express car. The explosion wrecked the car and split the safe wide open. Five of the robbers carried away two loads each from the safe and must have secured a large amount of plunder. When the robbery was completed the robbers walked leisurely up the hill north and disappeared in the darkness. Two hours were consumed in the robbery.

#### Secured Big Money.

Salt Lake City, June 3.—A special to The Tribune from Rawlins, Wyo., says the robbers at Wilcox obtained \$86,000 in money and about \$10,000 worth of diamonds and that a large amount of money in bills was destroyed by the explosion.

#### GOLD GOING ABROAD.

United States Has So Much That Several Millions Can Be Spared.

New York, June 3.—The announcement that the National City bank would ship \$1,000,000 in gold to Europe on the steamship Lucania was considerable of a surprise in Wall street. Although sterling exchange has ruled rather high it has been maintained by bankers that there was little likelihood of gold exports at this time. That the shipment should be made by the National City bank, which engineered the payment of the Spanish indemnity of \$20,000,000 without sending gold abroad up to the present time, kills to some extent the force of any arguments which may be based upon the shipment.

Another view of the case taken by conservative men is that the United States is producing \$70,000,000 in gold annually, and now has on hand more of the precious metal than any other country, and can therefore, easily afford to send several million to Europe. Beside the demand for exchange to offset the payment of the Spanish indemnity, there has been a fair increase in the imports of finished goods from Europe, which must be paid for. This season of the year is, furthermore, the period when large sums are taken abroad by tourists.

The export of food products also decline in the spring, but this year are very largely offset by exports of American manufactured goods. Europe has been buying back large quantities of our stocks which were sold here some months ago, but has been steadily selling bonds.

#### Convict Blown Pieces.

Birmingham, Ala., June 3.—An explosion of powder occurred in shaft No. 1 of the Pratt City mines and a white convict named John Parker met a horrible death. Parker was in charge of the powder and oil, which was kept in a separate room, a mile underground. Two hundred convicts were in the mine at the time of the explosion, and as soon as the noise was heard they were rushed to a convenient place and a stampede prevented. Upon investigation it was discovered that four of six kegs of powder exploded. Parker was literally blown to pieces. He worked with an open light, and it is believed set fire to the powder accidentally. The damage to the mines was not great.

#### Damage Suit Due to a Death.

Wabash, Ind., June 3.—In the Wabash circuit court, the Logansport and Wabash Valley Gas company was made defendant in a suit for damages growing out of the explosion which, last February, wrecked the residence of Mrs. Emeline Burns, fatally injuring her and Bossie Lane. The action is for \$1417, and brought by the father of the Lane girl. It is alleged that the gas pipes were leaky and that the company was wilfully negligent.

#### Bitten by a Copperhead.

Metropolis, Ills., June 3.—Mrs. Dwight Stone, of Brooklyn, Ills., is dangerously ill from the bite of a copperhead snake. While cleaning off graves at Pell's cemetery, near Brooklyn, she was bitten three-times in rapid succession on the hand, and although she received prompt medical attention, her condition is precarious. She is the wife of an old soldier.

#### Little Girl Blinded for Life.

St. Louis, June 3.—The explosion of fire crackers for advertising purposes at Meyers' grocery caused an accident which may blind Ellen Dooley for life. She is only 6 years old. Just as she passed the store a giant cracker fell at her feet and exploded, throwing her to the ground. The powder burned her face frightfully.

## OUR STORE IS THE PLACE!

Where you can leave all doubts behind when you enter. Candid old fashion methods and new fashion reliable goods convince you that in these days of misleading advertisements you are safe from deception here and sure that every dollar finds actual worth, and withall our prices are NEVER higher but often ARE LOWER than those frequently charged for much inferior goods.

 Mrs. A. L. Baaks, F. E. Giesecke and others were here from College yesterday.  
 General Arthur cigars—best sold at the Exposition saloon. 141tf  
 Lumps bottled beer when you want refreshing and invigorating. 166

Rev. G. A. Foster, M. F. Vitopil and others were here from Providence yesterday.

Wanted—To buy a good combination riding and driving horse. Apply to Dr. H. T. Coulter. 163

A special from Austin announces that Gov. Sayers will attend the commencement exercises at College.

WANTED—\$3,000 Brazos county scrip. Will pay 92 cents on the dollar. Apply to Dr. R. H. Harrison. 161

Many towns in Texas are agitating sanitation as never before and "cleaner leagues" have been established in some places.

For accident and life insurance either in lodges or straight life companies see Joe B. Reed. Also sells flour, rice and coffee. 161

Miss Annie Adams went to Dallas yesterday to attend the commencement exercises of Oak Cliff college, where Miss Marie Adams has been attending school.

The painters have finished up their work on the depot property here, painted the section house above, and will on Monday begin work on the railroad property at College.

Rev. J. B. Cochran has gone to Chapel Hill to preach the commencement sermon of the female college there today and the usual services will be omitted at the Methodist church today.

A. C. L. Hill left yesterday for the home of his father at Gail, Borden county, Texas. Before leaving Charles had a second operation performed on his injured left hand, from which about half of three fingers have been removed.

Mrs. F. A. Lee entertained the younger set Friday night complimentary to Miss Henry Wilson. Music and dancing with refreshments made an exceedingly pleasant evening.

Capt. J. F. Nichols of Greenville, a graduate of the A. and M. college and a captain in the volunteer Texas troops recently mustered out, will deliver an address before the A. and M. college alumni, it is announced in a telegram from Greenville.

Rev. H. L. Beach of Houston, superintendent junior work Texas conference Epworth League, is here and will organize a Junior League at the Methodist church this afternoon at 4:30 o'clock. A full attendance of those interested in the work is desired.

Friends of Rev. and Mrs. A. M. Stewart gave them a surprise party at their home Friday night by assembling there in large numbers and while a part of the crowd engaged the attention of the host and hostess in the front part of the house others invaded the kitchen and left many good things there in testimony of their esteem. Mr. and Mrs. Stewart request The Eagle to express their thanks.

Since January 1, John B. Mike has shipped from Bryan to outside points 34,020 dozen eggs and more than 1,000 dozen chickens. This does not include the very large sales of chickens and eggs he has made to local customers during that time. Bryan has a big reputation as a produce market in evidence of which we mention an order received yesterday by Mr. Mike from the Palace fruit and produce company of Los Angeles, Cal., for 20 dozen chickens.

The farmers congress meeting, convening at College July 25, is we are glad to note, attracting the attention of farmers in this and surrounding counties, and many with whom The Eagle representative has talked express their intention of being present at the meeting.

Try Sutton's natural stone germ proof filter—nature's own perfect water filter—for sale by J. N. Mustachia, agent. For \$1.50 you can buy a filter which may save you \$100 in doctor bills. 165

Little Misses Malcolm and Mary McInnis, Willie McDougald, Maggie McDougald, Maud Marrett and Clara Mawhinney had a delightful lawn party yesterday afternoon at the residence of Prof. and Mrs. L. L. McInnis.

Lon Johnson has the cheapest and finest samples of wall paper and room moulding ever seen in Bryan. 161

Keep the weeds cut and assist the authorities in keeping the streets, alleys and sewers clean.

For Sale—A registered Jersey bull calf 6 months old. Apply to M. D. Cole. 165

For Rent—The old McLelland place, after June 1st. See Miss Sue McLelland. 156tf

For Rent—Nice large cottage convenient to school. Apply to R. S. Webb. 63

W. E. Johnson of Brenham, was here yesterday.

A. W. Dyess of Bethel was in the city yesterday.

## HAYDEN-CRANFILL CASE.

Jury Gives Dr. Hayden Damages Amounting to Thirty Thousand Dollars.

Dallas, June 3.—The trial of the famous case of S. A. Hayden vs. J. B. Cranfill et al, came to an end Friday afternoon at 5 o'clock when the jury returned a verdict awarding the plaintiff \$30,000 actual and \$10,000 exemplary damages. In the original petition the prayer was for \$100,000—\$50,000 for actual and \$50,000 exemplary damages.

No case which has been tried in the civil courts of Dallas county has ever attracted half so much attention over the state. This was because all the litigants were well known and had many friends. At any rate, there has not been a day since the trial was begun that the Forty-fourth district courtroom was not taxed to its capacity to accommodate the crowds.

It is understood that the defendants will at once make a motion for a new trial, and in the event of unfavorable action by the court, will give notice of appeal.

## QUARANTINE UNJUST.

Statement of Physicians as to Yellow Fever at New Orleans.

New Orleans, June 3.—At a conference Friday of visiting physicians who have fully investigated the health conditions here and the recent case of sporadic yellow fever the following statement was issued:

"After an investigation of the health conditions of New Orleans and special inquiry into the case of yellow fever reported on May 28, we state that we have been unable to find any other case of suspicious illness in the city and have not been able to trace the source of infection in the case reported. The state and local health authorities have afforded us all reasonable assistance in this investigation. We deem it unnecessary and unwise for any state or city to quarantine against New Orleans under the present conditions."

The statement is signed by Drs. W. H. Sanders, Glenn and Andrews of Alabama; H. H. Haralson and W. A. Gant of Mississippi; R. D. Murray of the marine hospital service and W. W. Ashton resident inspector for the parishes of Louisiana.

## Arrest of Paty de Clam.

Paris, June 3.—The arrest Thursday evening of Lieutenant Colonel Du Paty de Clam, who in 1894 was commissioned to investigate the first charges against Dreyfus, was ordered after the minister of war had consulted Premier Dupuy. The prisoner, who is confined in the military prison at Cherche Midi, is charged with forgery and uttering forgery. It is not yet known whether he will be tried before a court martial or the disciplinary court.

## An American in Colombia Jail.

San Francisco, June 3.—Judge Francis Corbin Randolph, formerly an Alabama jurist, is now serving out a 14 year sentence in a Colombian jail. He bought lands from a German. The title proved to be bad and during a quarrel he shot the German in self-defense, he alleges. In a letter to a friend in this city he bitterly assails the American consular officers in Colombia whom he declares have not exerted themselves in his behalf.

## No More Burials at Sea.

Washington, June 3.—Requests have come from the war department that no persons dying on transports coming or going from the United States to Manila, shall be buried at sea. The secretary of war has made an order to that effect. For this purpose he has detailed an expert embalmer for duty on each transport. The department has a sufficient number of these men already in the service and the assignments have already been made.

## Top of Head Blown Off.

Rosebud, Tex., June 3.—W. K. McDonald, insurance agent, was killed at his home in the south part of town. He was at home alone at the time, his wife having just walked over to a nearby neighbor's for some vegetables for dinner. She returned to find his lifeless body lying on the floor in the dining-room with the whole top of his head blown off and a 45-caliber pistol lay by his side.

## Commander Schoenfelder Decorated.

Berlin, June 3.—Commander Schoenfelder of the German warship Falke, which was at Apia during the recent trouble there, has been decorated with the order of Red Eagle of the third class, with ribbon and crown.

## NEWS IN BRIEF.

Charley Cook suicided at Liberty Hill, Tex., by taking morphine. Despondency.

John Tyce of Atlanta, Ga., suicided at Mobile, Ala., by taking morphine.

The Southern baseball league has disbanded.

The Transmississippi congress will hold its next session at Houston, Tex.

A little child of Fritz Zeiss died at Brenham, Tex., from drinking concentrated lye.

An unknown man was found hanging to a live oak tree near Lometa, Tex. Suicide supposed as the man had money in his pocket.

H. F. Hurd, an old citizen of Houston, Tex., died at that place.

Lucien Bordenove, a pie and cake vender, was found dead in his room at Galveston, Tex.

A printing ink combine has been formed at Chicago, with a capital of \$25,000,000.

Governor Ellerbee died at Sellers, S. C., after a few week's illness.

Government receipts for May amounted to \$44,786,012 and disbursements \$40,513,004.

# An Argument!

CAN BE EASILY settled as to whether we keep the best Teas, Coffees, Canned Goods, etc., by giving us a trial. We keep everything in our stock of a standard superior quality, and everyone agrees that we "fill the bill" to their entire satisfaction for excellence, low prices, and prompt service at all times.

## Trustee's Notice of Sale.

By virtue of an order of sale issued out of the District court of the United States for the Northern district of Texas in Bankruptcy, in cause No. 2, Silas D. A. Duncan, bankrupt, on the 6th day of May A. D. 1899 by the Honorable M. C. H. Park, referee in bankruptcy for the Waco division of said court, I will sell at auction to the highest bidder for cash, on the 4th day of July 1899, being the first Tuesday in said month in front of the courthouse door of Shelby county, Texas, between the hours of 10 a. m. and 4 p. m., an undivided one-half interest in the following tracts of land in Shelby county, Texas, to-wit:

First tract:—Beginning at the N. E. corner of Hampton Meets & league survey, a stake whence a hackberry bears S. 15 E. 10 vrs. Thence S. 50 E. with the old line of said & league to E. W. Mitchell's N. E. corner of a 322 acre tract; thence north with said Mitchell's 357 acres tract to the N. E. corner; thence east with West's old line to the place of beginning so as to include 320 acres in a square.

Second tract:—Beginning at the S. W. corner of Cyrena McCrory's survey witness trees marked SMC and WB; thence N. 25 W. 1440 vrs. with said McCrory's west line and corner trees marked WB; thence S. 75 W. 556 vrs. and corner on the old Haley Ferry road, marked WB; thence S. 42 W. 540 vrs. with said road and line and corner trees marked WB; thence S. 25 E. 1185 vrs. to the north boundary line of Crawford's survey, trees marked WB; thence N. 10 E. 1440 vrs. with Crawford line to the place of beginning, containing in all 295 acres and out of Thos. Haley's Headright.

The said lands are sold as part of the estate of Silas D. A. Duncan, bankrupt and the sale is to be made free from incumbrances and in satisfaction of all of same.

F. D. ROBERTSON,

Trustee in matter of Silas D. A. Duncan, Bankrupt.

## Notice.

As the law directs, I hereby give notice to the taxpayers of Brazos county, Texas, that the Commissioners Court of Brazos county will sit as a board of equalization on the 2nd Monday in June 1899, same being the 12th day of said month, for the purpose of equalizing the taxes of the county.

G. W. McMichael,  
County Clerk.

## LOSING ITS POWER.

Civil Service Gradually Losing Under Present Administration.

## MORE STRICT RULES.

Postoffice Clerks under the Service Subject to the Postmaster's Orders Before That of Civil Service Rules.

Washington, June 3.—To meet a condition which has been found to exist in many of the larger postoffices of the country where clerks in the offices are members or officers of the civil service boards, Acting Postmaster General Heath has issued an order defining the duties of such clerks which is as follows: Clerks in postoffices are hereby notified that an appointment as secretary, or as a member of the civil service board does not in any way effect their relations to the postmaster. They are still subordinate to the postmaster, and must not absent themselves from their duties as postoffice clerks to attend meetings of the board, or to transact the business of the civil service commission, without specific authority from him.

Postmasters will allow clerks who are members of the local board of civil service examiners ample time to attend to their duties as members of such boards during the regular office hours upon proper notice and application, and will in every way facilitate the work of the civil service committee.

While members of civil service boards in the performance of their duties under the civil service it is the duty of postmasters to see that their subordinates render faithful and efficient service to the government, and that the pretext of performing service for the civil service is not made an excuse for neglecting their duties as postoffice clerks. In most of the large cities the postoffices furnish the secretary of the civil service board of the city, and notwithstanding these clerks are on the postoffice payroll, complaint is made that they often assume that they are responsible to the civil service authorities only. The order issued is intended to define the status of such employees. This was a condition as described which existed in the postoffice at Philadelphia.

## Two Suspects Released.

San Francisco, June 3.—Willard R. Green and J. R. Porter, who were taken to the police headquarters and questioned in connection with the mysterious disappearance of \$25,000 in gold on the steamer Alameda on the trip to this port, were released by the police after a few hours at headquarters. The police concluded that Green and Porter had no connection with the disappearance of the money. It is said that Green is a well known mining man from Denver and Porter is his cousin. They were returning from a trip to Australia. The police holds to the theory that the money was taken at Sydney before the vessel left that port.

## Contrary to Former Customs.

Washington, June 3.—The British authorities are rather at a loss to account for the tariff commission from Jamaica, which will start for Washington within the next few days. Thus far no word has been received from the London foreign office, although this may come. In the meantime the status of the Jamaican commission is somewhat in doubt, as the government officials here are not in the habit of recognizing colonial officers, unless they come to speak with the authority of the home government. The state department has received some telegrams from Kingston, but these have not disclosed the authority of the commission.

## Presents His Credentials.

Washington, June 3.—The new Spanish minister, Duke d'Arcos, has presented his credentials to the president. He called at the state department about 11 o'clock this morning in company with Senors Rio and Pastor. They were met by Secretary Hay in the diplomatic room and after a courteous greeting the party proceeded to the White House, Secretary Hay giving the minister the post of honor in the carriage, and the two secretaries followed in the minister's carriage.

## Admiral Dewey Improving.

Hong Kong, June 3.—Admiral Dewey is steadily improving, but he is keeping very quiet at the Peak hotel, only once having come down to the city and accepting no invitations. He will sail on Tuesday. According to his plans he will not visit England on his homeward journey, but will proceed straight to Gibraltar and then to New York, where he expects to arrive at the beginning of October, after a leisurely voyage.

## Johnson Held Without Bail.

Greenville, Mo., June 3.—M. A. Johnson, who shot and killed Hiram N. Holaday here on May 15, was arraigned for preliminary trial and bound over to the grand jury without bail on a charge of murder in the first degree. The grand jury will meet in August, so Johnson must remain in prison until that time.

## The St. Louis Aground.

Southampton, June 3.—The American liner Steamer St. Louis, Captain Randle, is aground near Calshot Castle at dead low water. It is expected she will float on the next tide. The St. Louis is scheduled to sail from Southampton today for New York by way of Cherbourg.

## SAW HIS SISTER SUICIDE.

Everett Ettinger Looked from an Electric Car and Saw His Sister Killed.

Chicago, June 3.—Miss Jessie Ettinger, 19 years old, threw herself in front of a Chicago, Milwaukee and St. Paul passenger train here and was killed almost instantly. When the pivot of the engine caught the young woman, Engineer Cleveland immediately reversed his lever and the sudden stop of the train caused a great commotion among the passengers. The news that a woman had been killed soon spread through the cars and the men and women soon gathered around the mutilated form.

Among those who saw Miss Ettinger killed was Everett Ettinger, her brother. He was on a north Clark street electric car, only a few feet away from the railroad crossing. He joined the throng that gathered about the body, but he could not get close to the remains.

"It's too bad," said he, and he left the scene, not thinking that his sister had committed suicide and he an eyewitness to the tragedy. He went to his home.

"Have you seen Jessie?" asked his mother as she met young Ettinger at the door. "We have looked all over for her and she cannot be found."

The young man answered that he had not seen his sister, and then began to search for her. A little later a handkerchief marked "Jessie Ettinger, 2439 North Paulina street," that had been found near the body of the girl killed by the train was brought to the house by a policeman. Ettinger then went to the morgue and identified the dead girl as his sister.

Miss Ettinger had been suffering from neurasthenia for three years, ever since she left the public schools. Her affliction is said to have been due to excessive study.

## NEW TRIAL ORDERED.

Court of Cassation Grants a Revision in the Dreyfus Case.

Paris, June 3.—The court of cassation has rendered a verdict in favor of the revision of the Dreyfus case and ordering a new court martial to sit at Rennes, 60 miles from Nantes, for the trial of the prisoner.

## Indian Territory Boundary Line.

Austin, June 3.—Members of the United States coast and geodetic survey corps are here taking observations for the purpose of determining the longitude of Marlow, I. T., in order to define the position of the base station from which the United States geological survey party now at Marlow, may start and run the official boundary line between Indian Territory and Oklahoma Territory. This boundary line is to be the 95th meridian, and while it has been approximately fixed, the official line has never been established.

## Troops at the Howard Trial.

Lexington, Ky., June 3.—One hundred picked riflemen of the First Kentucky regiment and a Gatling gun battery left here by special train for Clay county to serve as a guard during the trial of Thomas Howard for murder. The trial may last two weeks. Howard is connected with parties to a bitter feud and it was regarded necessary to have troops present to prevent violence.

## Returning to Work.

Wallace, Ida., June 3.—Permits for underground work in the mines are being issued freely, nearly 800 being taken up to date. Nearly all permits are issued from Wardner, as the men coming from the outside all stop there on the way to Canyon Creek and Mullan. Union miners, however, decline to ask for permits. Additional advices before the coroner's jury gives ground for more arrests, so that the number of prisoners in the stockade is increasing.

## Woman Fined for Libel.

Wabash, Ind., June 3.—Hannah Kelly, a spinster of Andrews, 10 miles east of this city, has been found guilty of criminal libel and fined \$5 and costs. The prosecuting witness was Mrs. Dora Mikesell, a widow; and it is alleged that Miss Kelly, impelled by jealousy, wrote and circulated reports derogatory to the character of Mrs. Mikesell. The case was tried twice, the jury disagreeing on the first trial; and the costs, which Mrs. Kelly must pay, stay or go to jail, aggregate \$600.

## O'Toole's Bond Reduced.

San Angelo, Tex., June 3.—Dr. Thos. O'Toole of Fort Scott, Kas., charged with attempt to swindle the Woodmen of the World and two other fraternal institutions out of \$8000, was given a habeas corpus trial here before Judge J. W. Timmons. The court reduced his bond from \$2000 to \$1000. O'Toole was remanded to the custody of the sheriff.

## Pension Increase Killed Him.

Indianapolis, June 3.—William Cline, 69 years old, and an old soldier, received notice of a large increase in his pension. He immediately started anxiously down toward the city to inform his friends, when, upon reaching Washington street and Summit avenue, the excitement proved too much for him and he fell dead of heart disease.

## Marie Wainwright Married.

New York, June 3.—There was a quiet little marriage at St. George's church in Stuyvesant square Friday night. The bride was Marie Wainwright, the well known actress, and the groom was Franklyn Roberts, an actor.

## Brakeman's Hand Mashed.

Cleburne, Tex., June 3.—Charles G. Smith a Santa Fe passenger brakeman, while making a coupling near the Santa Fe depot, got two fingers on his right hand caught between the drawheads and crushed so badly that amputation was necessary.

## A. and M. Commencement.

We have just received a programme of the commencement exercises of the Agricultural and Mechanical College of Texas, at College Station, June 11th to 13th. We take great pleasure in making the announcement, for this institution is doing a noble work, notwithstanding the fact that it has been handicapped in several respects, among which probably the most serious is the small appropriations made by the legislature for its equipment. The record this college has made, with its able faculty, though inadequate facilities, under the lamented Gov. L. S. Ross, and now under its efficient president, L. L. Foster, warranted the belief that the state would not only relieve its necessities, but extend its usefulness by making an appropriation commensurate with the importance of the institution. The legislature recently adjourned has to some extent met these expectations by providing for an agricultural building with proper equipment, an additional dormitory building, some more residences, water supply, etc., the total amounts being \$103,900 and \$30,900 for 1901. These additional equipments will enable the college to receive probably more than 100 additional pupils and permit the agricultural department to assume the importance its merit demands. The commencement exercises of this institution are always interesting and instructive to all who attend. It is expected that the attendance will be larger this year than ever before, as the college is growing rapidly in public favor. We have good reports if the graduating class and congratulate them on the auspicious occasion that ushers them from the class room into the goodly congregation of our influential citizenship. The alumni of the Texas A. and M. College is an honor to the State and the body will lose nothing in character and influence by its recruits from the class of '99.—Farm & Ranch.

## PROPOSALS.

Sealed bids will be received at the president's office of the A. and M. College until 2 o'clock p. m. Saturday June 17th 1899.

1st. For fresh beef, pork and mutton to supply said college during the ensuing scholastic year. The beef furnished must be corn fed for the months of January, February, March and April. All pork to be corn fed.

2nd. For three thousand (3000) cords of good, merchantable wood, to be delivered on the college grounds at such place or places as may be designated by the president, and subject to his approval as to quality and measurement.

A certified check for \$250 must accompany each bid as a pledge of good faith and ability of bidder to make a satisfactory bond in a sufficient sum to insure faithful compliance with the contract.

The right to reject any and all bids reserved.

L. L. FOSTER, President,  
W. R. CAVITT,  
Local Director and Secretary,  
35 Committee.

## Private School.

The undersigned will open a private school at the public school building on Monday morning June 5th, to run eight weeks. No pupil accepted below 5th grade. Students and teachers preparing to pass examinations, either for entrance to schools, or for teachers' certificates can have instruction needed. Daily sessions from 8 a. m. to 12:30 p. m. For terms see either of us.

T. S. MINTER,  
S. H. HICKMAN.

## Cattle and Pastures For Sale.

I have some 400 acres of good pasture land partly inside of the corporate limits, the balance adjoining, together with some 75 head of pure bred and high graded Devon and Jersey cattle. The property is admirably located for dairy purposes, as well as the cattle I offer. Will not sell cattle without land nor land without cattle. See or address the undersigned at Bryan Texas.

161 34 S. M. DERDEN.

## NOTICE.

The privilege of selling ice cream, soda water, lunch and other merchandise at the A. & M. College during the commencement exercises, will be awarded to the highest bidder for said privilege on June 7th at 5 o'clock p. m. No intoxicating beverages will be permitted to be sold. All bids should be addressed to the undersigned at College Station.

L. L. FOSTER,  
31 President.

For Rent—After the 1st of June, a five room residence. Apply to Mrs. E. B. Roberts. 149tf

## N. JAMETTA, Bryan, Texas.

## "TIME IS MONEY."

"The Longest Way Round Is Sometimes The Quickest Way Home."

These wise old saws apply to the new fast train service now in effect via the Great Rock Island Route. While not the short line everywhere, we "get there," which is the main point to be considered.

A whole business day saved is one argument. A maximum of comfort by reason of through service, modern equipment; rock ballast; in short, an up-to-date railway, are several other arguments to assist you in deciding how and via what route to purchase tickets.

The new schedule is as follows: Leave Fort Worth, 8:25 a. m.; arrive Lincoln, 7:10 a. m.; arrive Omaha, 9 a. m., connecting at latter point with train through Iowa; arriving Des Moines; 4:39 p. m.

CHAS. B. SLOAT,  
G. P. A., C. R. I. & T. Ry.,  
Fort Worth, Tex.

## H. & T. C. R. R. DOUBLE DAILY TRAIN.
